www.dublinpact.ie/dignity

DIGNITY

*An initiative of Dublin Employment Pact and
The Immigrant Council of Ireland*

What will the Dignity Project do?

The Dignity project is an EU Daphne funded project of transnational partners who will study and document the good practice that is identified in each partner country in services to victims of trafficking. It will then look at how best to replicate such models at the local level. The Dignity project's aim is to work towards an integrated, holistic victim-centred approach, including provision of services to those vulnerable to exploitation, as well as health services, counselling, accommodation, advocacy services, education and skills development for victims.

Carried out in association with:

This initiative is funded under
the EU Daphne Programme
